75, SPRINGFIELD ROAD,
CHELMSFORD
26th July, 1965

ANNUAL REPORT, 1964

Mr. Mayor, Ladies and Gentlemen,

I have the honour to present my Annual Report on the health of the Borough for the year 1964. The Report has been prepared and compiled in accordance with Ministry of Health Circular 1/65 of the 11th January, 1965.

There were 1,131 live births during the year, 39 more than in 1963, which represents a Birth Rate of 21·37 per thousand of the population. For comparison purposes the Birth Rate Figure for the whole of England and Wales over the same period was 18·4.

The Infant Mortality Rate, i.e. infants dying under one year of age per thousand live births, was 5·30 compared with the figure of 20·0 for England and Wales.

There were 475 deaths during the year, giving a death rate of 8·97 per thousand of the population, the rate for England and Wales being 11·3.

During the year fourteen investigations were made into applications for housing priority on medical grounds, and were the subject of special reports to the Housing Management Committee.

There were 92 medical examinations carried out during the year on Borough employees for the purposes of the Superannuation Scheme. There were also 9 blood tests on employees in the Water Department whose work on water mains brings them into close association with the town's water supplies.

Authentication of International Vaccination Certificates against Smallpox by my Department showed a decrease during the year, from 1,048 in 1963 to a total of 898 in 1964.

In conclusion my thanks are due to those Chief Officers who annually provide me with some of the information required for this Report. I should also like to record by special thanks to Mr. R. F. Wynn, the Chief Public Health Inspector.

I also take this opportunity to convey to the Chairman and Vice-Chairman of the Public Health Committee my thanks for their support and encouragement during the year.

I have the honour to be,

Mr. Mayor, Ladies and Gentlemen,

Your obedient Servant,

J. L. MILLER WOOD,

Medical Officer of Health

Melbourne Avenue, Chelmsford	Mondays and Fridays a.m. (By appointment)

Immunisation Clinics

Coval Lane, Chelmsford	2nd Monday, 2 p.m.
Melbourne Avenue, Chelmsford	4th Friday 2 p.m.

Health Visitors

There are six Health Visitors based at the Essex County Health Services Clinic, Coval Lane, Chelmsford, three at Essex County Health Services Clinic, Melbourne Avenue, and three at the Essex County Health Services Clinic Moulsham Lodge Estate. These ladies are Public Health Nurses whose duties consist in attending at various County Council Clinics and Child Welfare Centres, where they give advice as Health Teachers, with an expert knowledge of the care of young children. They also carry out health work in the schools as School Nurses. The most important part of a Health Visitor's work, however, consists in visiting the homes of the people, where she gives advice on health matters concerning the family as a whole. She can also form a most important connecting link between the family and the facilities provided by the Local Health Authority and the General Practitioner Services under the National Health Service Act.

HOME NURSE/MIDWIVES

The following is a list of Home Nurses and Midwives who are working in the Borough:—

Home Nurses

- Mrs. E. Mason (Part-time), 1, Epping Close, Chelmsford. Tel. 4132.
 Mrs. M. B. Palmer, 127 Springfield Park Avenue, Chelmsford.
 Tel. 2354.
 Mrs. D. Rawlingson, 76, Patching Hall Lane, Chelmsford. Tel. 4943.
 Mrs. A. E. Oakley, 8, Rainsford Avenue, Chelmsford. Tel. 3000.
 Miss F. M. Smith, 9, Longmeads Close, Writtle. Tel. Writtle 228.
 Mrs. V. E. Davies, Flat 30, Gilmore Way, Great Baddow.
 Tel. Chelmsford 71895.
 Mrs. M. K. Franklin (Relief), 7, The Priory, Writtle. Tel. Writtle 656.
 Mrs. F. M. Meek, 127, Springfield Park Avenue, Chelmsford. Tel. 2354.
 Mrs. E. Stonebank, 9, Barnard Road, Galleywood.
 Tel. Chelmsford 3658

Midwives

- Miss J. Mitchell, 9, Medway Close, Chelmsford. Tel. 2246.
 Mrs. C. J. Pond, 104, Heath Drive, Chelmsford Tel. 3816
 Miss M. F. Crisp, 19, St. John's Green, Writtle. Tel. Writtle 567.
 Mrs. D. G. Sherrington, 14, Pembroke Place, Chelmsford (Part-time).
 Tel. 51387
 Miss E. J. Blandford, 35, Westbourne Grove, Great Baddow.
 Tel. Chelmsford 2579.
 Mrs. A. W. Burrows, 1, Kirkman Road, Galleywood.
 Tel. Chelmsford 71414.
 Miss G. Parker, Nurses Bungalow, Maldon Road, Hatfield Peverel.
 Tel. Hatfield Peverel 366.
 Mrs. E. V. Herring, 40, Park View Crescent, Great Baddow.
 Tel. Chelmsford 71215.
 Miss A. V. Moss } 4, Humber Road, Chelmsford.
 Miss G. Parker } Tel. Chelmsford 2780

AMBULANCE FACILITIES

This service is provided by the Essex County Council and operates from Coval Lane, Chelmsford. Telephone No. 4801.

LABORATORY SERVICES

Laboratory Services are provided at St. John's Hospital, Wood Street, Chelmsford, and in September, 1956, the Public Health Laboratory Service opened a new Laboratory at the Chelmsford and Essex Hospital with Dr. R. Pilsworth as the Medical Director.

WATERLOO LANE DAY NURSERY

Admission by application to the Matron.

PHYSICALLY HANDICAPPED PERSONS

As indicated in last year's report, the Essex Association for the Welfare of the Physically Handicapped has now been established, and is operating from 80, Broomfield Road, Chelmsford (Telephone No. Chelmsford 57309), where application can be made by physically handicapped persons requiring assistance.

OLD PEOPLE'S WELFARE

The Rest Room in Legg Street, Chelmsford, has now been replaced by a Welfare Centre at 17, Cottage Place, Chelmsford, and is open daily from 10 a.m. to 4.30 p.m. Mondays to Fridays and is available for all the "over-sixties." The Centre is staffed entirely by voluntary help. Light refreshments are provided and a light luncheon is served on Tuesdays and Fridays. It is used by old people from the country while waiting for buses; friends arrange to meet there: and there are cards and dominoes. Daily papers and periodicals are provided, also facilities for writing.

Every two weeks there is a bus which collects all the housebound old people who are taken to St. Andrews Hall, Boarded Barns for tea and entertainment, and at Christmas time a party is given for the Old People, where everything is cooked and served by members of the Old People's Welfare Council. Transport is provided by the Rotary Club. Grant aided holidays are also being arranged for Old People in Chelmsford and the Rural District.

During the year the Borough Council and the Rural District Council have given grants towards holidays for elderly people who were in need of one, and who had not had one for over a year or more. A number of old people from the Borough and Rural Districts took advantage of the scheme, which was organised by The Chelmsford and District Welfare Council's Visiting Sub-Committee, and a holiday was spent at Folkestone and was very much appreciated. A grant is also given by the Borough Council and the Rural District Council for the W.V.S. Meals on Wheels Scheme, and this service is still increasing considerably.

There are twenty-one clubs in Chelmsford and District, and there is also a Visiting Sub-Committee for those unable to attend clubs.

The Secretary of the Chelmsford and District Old People's Welfare Committee is Mrs. D. Chambers, "Sherwood," Cedar Avenue, Chelmsford. Telephone 57981.

SANITARY CIRCUMSTANCES OF THE AREA

WATER

The quality of the water has at all times been of a satisfactory nature for public supply purposes.

During the past year the quantity of water available has been sufficient to meet the needs of the Borough.

Bacteriological examinations are made daily of the treated water as it leaves the Sandford Mill Pumping Station and frequent analyses are made of the raw water. Frequent samples are also taken from the Service Reservoir and at certain points on the distribution system. These have in all cases proved satisfactory.

The water has no plumbo-solvent action.

No contamination has occurred after treatment.

All properties within the area of supply have mains supply direct to the house.

Supply by means of standpipes—Nil.

SWIMMING POOL, WATERLOO LANE, CHELMSFORD

The Pool is of the unheated open type and is 145 feet long, 95 feet wide, and its depth varies from 3 feet to 6 feet. Water for filling the pool and topping up is drawn from the river Chelmer via a well-type catchpit. The treatment plant comprises chlorinator, soda ash, dosing plant and slow sand filter and the pool water is continuously circulated with full treatment. The treatment plant produces a water which is clear and bright, of satisfactory pH value carrying an adequate residuum of free chlorine and of excellent bacterial quality. Tests of the pH value and residual chlorine content of the water are carried out throughout the day and bacteriological examinations of the water are carried out during the swimming season.

NEW HOUSES ERECTED DURING THE YEAR ENDED 31ST DECEMBER, 1964

(1) By the Chelmsford Borough Council	153
(2) By other Local Authorities	6

NEW SEWERS LAID DURING 1964

The Chelmer Valley Sewer was completed during 1964 and also the Can Valley Relief Sewer between New London Road and Seymour Street. Work was commenced on the Can Valley Relief Sewer between the decanting chamber and Baddow Road and this work is still in progress. Soil and surface water sewers have been laid in connection with the development of the Springfield Hall Estate, Roy King's development in Lawn Lane and George Wimpey & Co. Ltd's. development on Tile Kiln Farm.

PUBLIC CLEANSING

There has been no alteration in the method of refuse collection during the year.

Tipping at the refuse tip in Princes Road is due to cease on 31st March, 1965, after which date refuse will be disposed of in disused gravel pits at Roxwell.

REPORT OF THE CHIEF PUBLIC HEALTH INSPECTOR
FOR 1964

*To the Mayor, Aldermen and Councillors
of the Chelmsford Borough Council*

Mr. Mayor, Ladies and Gentlemen,

I have the honour to present a summary of the work carried out by my department during 1964.

In April, an Inspector of Premises was appointed to deal with registration and inspections as required by the Offices, Shops and Railway Premises Act, 1963. It was decided to make this special appointment rather than share all the work among the District Public Health Inspectors, which would have meant a long time to make an overall survey and the impact of the new legislation would be lost. The figures given on page 32 indicate the success of the scheme, and I am sure the requirements of this Act will greatly improve conditions in the Offices and Shops of the Borough as well as generally being a step in the direction of Public Health.

It has been a year of test for the Meat Inspection Regulations 1963, the increased detailed inspections have made the inspectors work arduous, but I am again pleased to report that 100% meat inspection has been maintained. Plans are going ahead for the building of a private abattoir and meat factory at Widford. When completed this project will require the full-time services of two meat inspectors.

Generally the figures given in this report are self explanatory, additional legislation has not only increased inspection work, but the clerical staff of the department cannot cope with recording and administrative problems. I trust the Council will be sympathetic with the present situation and provide additional help, I am, however, indebted to the staff and inspectors for their loyal and industrious efforts.

May I thank the Chairman and members of the Public Health Committee for their support, and in particular Dr. Miller Wood for his help and co-operation.

I have the honour to be,

Mr. Mayor, Ladies and Gentlemen,

Your obedient Servant,

R. F. WYNN
Chief Public Health Inspector

PUBLIC HEALTH INSPECTIONS OF THE AREA

The following figures indicate the amount of inspections and work carried out at dwelling houses. Generally these inspections are initiated by complaints, mostly from tenants who are unable to get repairs carried out by direct approach to their landlords.

Relations with the general public, including property owners, are good and from year to year most of the department's requirements are affected by persuasive means.

1. INSPECTIONS OF DWELLING HOUSES DURING THE YEAR

(1) (a) Total number of dwelling houses inspected for housing defects :—						
Public Health Act	91	} 263
Housing Act	172	
(b) Number of Inspections made for the purpose :—						
Public Health Act	415	} 2,345
Housing Act	1,930	
(2) Number of dwelling houses found to be in a state so dangerous or injurious to health as to be unfit for human habitation						3
(3) Number of dwelling houses (exclusive of those referred to under the preceding sub-head) found not to be in all respects reasonably fit for human habitation:—						
Public Health Act	32	} 54
Housing Act	22	

2. REMEDY OF DEFECTS DURING THE YEAR WITHOUT SERVICE OF FORMAL NOTICES

Number of defective dwelling houses rendered fit in consequence of informal action by the Local Authority's Officers :—

Public Health Act	40	} 55
Housing Act	15	

3. ACTION UNDER STATUTORY POWERS DURING THE YEAR

Proceedings under Sections 9, 10, 16 and 17 of the Housing Act, 1957 :—

(1) Demolition orders issued	2
(2) Demolition orders complied with	3
(3) Houses closed	1
Parts of Buildings Closed—Houses	—

(4) Houses in respect of which undertakings were accepted in lieu of orders	—
(5) Houses demolished following undertakings in lieu of orders	1
(6) Houses made fit following undertakings in lieu of demolition orders	—
(7) Number of dwelling houses in respect of which notices were served requiring repairs	—
(8) Number of dwelling houses which were rendered fit after service of formal notices :—						
(a) By owners	—
(b) By the Local Authority in default of owners						—

Overcrowding abated	3
Water Services repaired	7
Hot Water provided to sinks	3
Nuisance from keeping of animals abated	1

Slum Clearance

The table which follows gives details of progress and the present position of the clearance area programme.

It will be seen that 260 of the 456 houses so far submitted or dealt with by informal procedure have been demolished. In addition, three houses previously excluded from Orders have now been demolished. Here again, may I express my appreciation of the close co-operation of the Housing Manager and his staff in the tackling of the difficult problem of rehousing.

POSITION REGARDING CLEARANCE AREA 8 YEAR PROGRAMME UP TO 31st DECEMBER, 1964

Year	Number and if known Clearance or Compulsory Purchase Order	Properties	Number of Properties	Present Position	Remarks

Containers kept free from contamination	1

Meat Inspection

It is pleasing to record that all bovine carcasses were found to be free from tuberculosis this year, but on the other hand the incidence of tuberculosis in pigs has increased slightly from 0.51% to 1.01% the lesions, however, being confined chiefly to the head glands.

The following food which has been condemned and surrendered as unfit has been collected by the department's van and destroyed (where salvage is impracticable):—

1,944 tins fruit	5 pkts. cake/sponge mix
38 tins cream	37 pkts potato chips
346 tins peas	9 pkts. frankfurters
3 tins ravioli	191 pkts. frozen fish products
225 tins meat	21 pkts. pastry
48 tins baby food	11 pkts. beefburgers
47 tins Jam/marmalade	43 pkts. peas
43 tins salmon	4 pkts. cheeseburgers
25 tins spaghetti	87 pkts. meat products
330 tins tomatoes	56 pkts. confectionery
50 tins carrots	22 pkts. frozen dinners
238 tins beans	22 lbs. salmon
16 tins meat pudding/pies	50 lbs. liver
8 tins sweet corn	191 lbs. lamb
2 tins tomato puree	1,203 lbs. beef
7 tins beetroot	256 lbs. ox tongues/kidneys
45 tins rice pudding	739 lbs. pork
214 tins milk	39 lbs. veal
292 tins fish	150 lbs. corned beef
109 tins soup	187 lbs. ham
43 tins luncheon meat	50 lbs. rabbit
5 tins asparagus	25 lbs. luncheon meat
2 tins mixed grill	32 lbs. offal
3 tins syrup	21 lbs. cheese
50 tins mixed vegetables	12 cwt. potatoes
7 tins fruit juice	19 stone fish
6 tins macaroni	687 galls. tomato juice
16 tins pie filling	903 galls. grapefruit juice
3 tins sago	496 galls. pineapple juice
1 tin vegetable salad	388 galls. orange juice
1 btl. sauce	18 jars pickles
64 pkts. mousse	88 jars paste

Analyses

The following samples have been submitted for bacteriological examination and all unsatisfactory results have been followed up.

It will be seen that from 67 samples of ice creams and iced lollies 6 were unsatisfactory. Investigations were made and subsequent samples proved to be satisfactory. All of the unsatisfactory samples were manufactured in other districts.

The unsatisfactory samples of swimming bath water were taken from a local open air private swimming pool. Towards the end of the year considerable improvements were in progress and it is to be hoped that satisfactory sample results will be achieved next year.

The unsatisfactory water sample results were taken from a well supplying water to two houses. Thorough investigations were carried out and after the renewal of a supply pipe satisfactory sample results were achieved. Frequent samples of water are taken from the well to ensure a continued satisfactory supply.

Details of samples tested or submitted for analysis by the Public Analysts for Chelmsford Borough during the period 1st January, 1964 to 31st December, 1964 are given on the following page.

The 68 samples of milk contained an average of 3.9% butter fat and 8.78% solids non-fat, these being well above the statutory standards.

Samples of Weight Reducing Tablets, Adult Linctus, Brazilian Mixture, Gourmet powder, Chicken Noodle Soup, Chicken Soup, Vitamin Tonic were all incorrectly described and labelled.

A sample of sugar was found to contain 6.6% of salt.

A tin of pineapple was found to contain grease.

The fat content of a sample of milk was found to be insufficient.

A tin of peaches was found to contain flakes of green lacquer suspended in the syrup.

A sample of anti-smoking tablets was found to be deficient in Vitamin B.

A sausage roll was found to be mouldy.

Each of these cases received thorough investigation and the traders attention has been drawn to unsatisfactory products. Where necessary follow up samples have been taken and manufacturers and retailers are usually prepared to co-operate.

Wood in bread	1		Glass in peanut butter	1	
Mouldy bread	2		Unsound rabbits	1	
Metal in bread	1		Maggots in scotch egg	1	
Unsound fish	3		Unsound frozen peas	1	
Dirty milk bottle	1		Insects in pecon nuts	1	
Unusual taste in milk	1		Salty sugar	1	
Unfit tinned meat	3		Dirt in ham roll	1	
Hair in meat	1		Green fly in salad roll	1	

Many of the calf carcasses which required total condemnation were found to be affected with septic pneumonia, there being marked haemorrhagic changes in the kidneys.

Cysticercus bovis was again found in only one carcass, the lesion being traced to the external masseter muscle.

All unfit meat is disposed of in the manner required by the appropriate Regulations, the total weight of meat condemned was 21,794½ lbs.

The following carcasses were examined at the two slaughterhouses: 89 Cows, 3,981 Cattle, 366 Calves, 9,299 Sheep, 7,699 Pigs, making a total number of 21,434 compared with 15,484 in 1963.

Essex County Council Act

There are 172 premises registered for sale of ice-cream and 183 persons registered as vendors and two persons and premises registered for the manufacture of ice cream.

During the year there have been 12 new vendors and 4 new premises registered.

The two manufacturers within the Borough use the "complete cold mix" methods.

Both shops and mobile shops are greatly improved giving testimony to the policy of educating both traders and the public.

Prevention of Damage by Pests Act, 1949

The Council's free service to householders continues with success, the public co-operating in reporting infestations, which means that a more efficient treatment is possible both of individual dwellings and of larger areas.

During the year 599 infested premises have been treated, involving a total of 2,271 visits.
